Hunter Education Class's – Call John Boling at 969-2440 for information on registering.

No charge for classes – donations accepted to cover materials – all four days of classes must be attended for course completion.

Registration for Falling Plates and Bowling Pin Matches closes at 0930 – no one will be entered into match after this time.

Registration begins at 0900.

We must restrict the number of shooters participating in the following matches: Falling Plates, first 30; Speed Bowling Pins, first 18 to sign up.

If it looks like rain on the Speed Steel Match day, bring your 22 pistol and 300 rounds of ammunition. If rained out we will move to the pin range and shoot a falling plate match under cover.

Rained out hanging plate pistol matches on bay 5 will be shot on the short range under cover.

For information on how our matches are conducted and equipment needed, call Al at 360-678-0960.

Watch your newsletter, e-mail alerts, or web site (cwsaonline.org) for any schedule changes or additions. Hope to see you down range!!

If you are a new shooter to some or all of the matches we run, I encourage you to come to our Match Shooting Information Clinic on Saturday February 3rd starting at 0900. We will be covering and showing all of the targets that we use, how we shoot them, and the equipment you will need to participate. With this knowledge you will have a good understanding of what is expected and the fun you will have. Ever shot steel before??

Clubs Exclusive Range Use 2018
