Next General Meeting – **Monday**

July 11, 1900

(7:00 PM)

For full list of Committee Chairs - visit the CWSA Website

The club is offering a FREE "Stop the Bleed" Classes on 29 August and on 7 September 2022 at the CWSA gun club from 7:00pm to 9:30pm on both dates. There are only 15 seats for each class. This is a really good class to take especially if you are around guns and have an accidental discharge of a weapon or with a hunting group. Please contact Steve Foster for more information and to reserve a seat for one of the classes at shfoster@usa.net

What you absolutely, positively MUST know:

The shotgun (ammo) rules have recently changed. You can fire a shotgun with shot **Birdshot** in the trap range, at the patterning board at the end of the trap range and in Bay #6. In Bay #6 they have set up hog wire to hold targets or paper to check out your shotgun - bring some clothes line clips or tape. You can fire **Slugs** at the 100yd and 200yd range as well as the short range - this is for sighting purposes only. Please limit the number of slug rounds that you fire on these ranges due to the damage they do.

Board Meeting – Items of Interest:

Ron Martin is going to take an old white plastic barrel and poke some holes in the bottom to allow water to drain. He will move it onto range six for people to use to dispose of fired shot shells.

Randy Pike wanted to thank Julie Trobaugh for donating a Kurig coffee maker, and coffee for the club house.

Mark Lugo suggests that we need to think of ways to incentivize members to come out to the **general meeting**. Mark is thinking about having an RSVP party with food to get people to come. Thinking about spending \$1k. Need to pick a weekend right after school starts to maximize attendance. **Membership appreciation night**.

Working Party Notes & Next Work Party(s)

Ed Hilkey is our new work party coordinator. As usual, the turn out for Sunday work parties is better than Wednesdays, if you can, attend the Wednesday work party to help out. For the next work party, they will be putting a second coat of paint on the gate. The last work party replaced a couple of the vertical support members on the target stands **due to shooting damage (WHEN will this STOP)**. Also, everything got mowed. The only remaining task is weed eating. We are currently down to one riding lawn mower. The board will present a request approve funding for a new mower to the membership at the next general meeting.

Come out and help Ed with the work party and get your punch card punched. The weather is improving, the grass is growing and the membership is using the ranges. This all requires more maintenance.

Wednesday June 1st 0900 to 1100 (9:00 AM to 11:00 AM)

Sunday June 5th 0900 to 1100 (9:00 AM to 11:00 AM)

Wednesday July 6th 0900 to 1100 (9:00 AM to 11:00 AM)

Sunday July 10th 0900 to 1100 (9:00 AM to 11:00 AM)

If anyone has any extra time and wants to help around the club (and get credit and a punch on your “work party card”) the following items always need attention.

Weed whack around ranges and behind the sheds behind the club house. Bring your own trimmer.

Spray weeds and grass on ranges and other areas. Bring your own sprayer and liquid.

Empty garbage cans, including brass barrels on ranges. Extra bags should be available in cans.

Let Ed Hilkey know what you have done so he can give your card a punch for work performed. Ed 360-929-2896.

All Ranges, this means the ENTIRE Club is CLOSED (except scheduled shoots) during the work party!

Contact Ed Hilkey 360 929-2896 or CWSA_PROJECTS@CWSAOnline.com with suggestions.
