# Volunteers Positions Needed ASAP!!!

- **President for CWSA:** I will be stepping down from being the President after 5 years on December 31st 2023. If you are interested in becoming the club president, please contact me! Or a board member so I can start doing the turnover! I would prefer somebody who has been a club member for several years and who has also been involved in the club and retired if possible. Please think about this position if you have time on your hands and would like to stay busy. This is for you!
- **Multi-Gun Match Coordinator:** Responsible for holding the multi-Gun matches! Michael Cox will hold the April match and that will be it, if you are interested in running the multi-Gun match, please contact Mike at [mike571@gmail.com](mailto:mike571@gmail.com) The benefits of this position count towards your annual service project. Looks like this will stop after April, if nobody volunteers for this match.
- **CMP Club Coordinator:** Please contact Mike Cox for more information at [mike571@gmail.com](mailto:mike571@gmail.com)
- **Mechanic To Maintain The Club's Range Truck:** Looking for somebody who can take care of our range truck by keeping it up and running parts provided by the club as needed, This would count as your annual service project. If you are interested in volunteering, please contact Larry Memmer at [lgmem@comcast.net](mailto:lgmem@comcast.net)
- **Looking For A Women To Help Teach Hunter's Education For The Club:** Last year we had more girls go through Hunter's Ed class than boys! I think it would be a great opportunity to get some female instructors to be role models to these girls! So, if you would like to volunteer to help! That would be great and if we had enough women to qualify, we could also hold all girl Classes!! Please let me know if you are interested in volunteering at [lgmem@comcast.net](mailto:lgmem@comcast.net) or call me at (360) 969-2588 Larry Memmer
- **Facebook Inputer Volunteer:** Looking for somebody to post on the CWSA Facebook Account utilizing the email that is sent out weekly on (Thursday) and post it on Facebook. Occasionally there may be another post or two if requested but not very often currently. However there is no limit or policy on posting, so a volunteer may post more as they might see fit.
- **Match Result Inputer:** Looking for a volunteer to input Match Results. Must have Microsoft Office. Please contact Larry Memmer for more information at [lgmem@comcast.net](mailto:lgmem@comcast.net)

## **Important Info You Need To Know**

---

**For Sale Board in the Clubhouse:** Please update the sale board ASAP if you are selling items on this board, please put a new post up with the date you posted it. On April 15<sup>th</sup> items will be taken down unless you reposted your item with the date posted. Items will be removed after 60 days. We've had some issues with posted items and the seller doesn't return calls to the possible buyer.

**Gate Control:** We've had an issue with people just driving in when the gate is open for matches! And then not go to the match but instead shooting somewhere else other than the match. We need all members to swipe there fob key in and out even if the gate is open otherwise, we'll have to keep the gate closed all the time so everybody follows the rules. We would then have to post a gate guard during the start of matches to allow the public in and out of the matches and that would be a hassle! So please swipe your key in and out!! Thank you.

**Pickup Empty Shell Casings:** Most of our members pick up their shell casings after they shoot, and I would like to thank those members for doing so! To the members who leave there brass and steel casings (223, 5.56, 9mm, 22lr) on the ground for others to pickup after them is just plain wrong! We provide buckets at every range for your casings to go into! Please were all grown-ups here, please pick them up after you shoot! Thank you!

## Old Business

Larry Memmer, President, to review progress on transitioning members to new key-fob system: Just about everybody is up and running with the new keys. We only have a few hold outs. We have placed a second order for 1,000 additional fobs and will start issuing fobs to associate members when these fobs are received.

Ed Hilkey to review extension for short-range cover: Ed has submitted an estimate of \$2,100.00 for materials required to extend the short-range cover. Doug Smith made a motion for the membership to approve \$2,100.00 for materials, as requested by Facilities Superintendent Hilkey. The motion was seconded by Bob Gudmestad and

the motion passed with one nay from Randy Nolan.

## New Business

Club president Larry Memmer reviewed the current five-year plan as updated at the last board meeting.

As per the five-year plan, a request was made to approve funds to purchase 100 trees to finish out the perimeter boarder and to replace existing trees that have died. Plan is to replace twenty trees now and eighty more, as they become available. Estimated cost, \$2,500.00. Gary Raster made a motion to purchase 29 trees. The motion was seconded by Ron Martin and passed with a single dissenting vote by Randy Nolan.

Carol Leonessa will be assuming the responsibility of new inputs and deletions for the club calendar. If anyone has any proposed changes to the calendar Carol's contact information is listed on the club leadership roster.

We need to start working on finding a candidate to assume the duties of club president. President Memmer has announced he will be stepping down at the end of the year. We need to get a head start on this to provide adequate overlap for some on-the-job training for whomever assumes these duties.

As part of the five-year plan, the general membership approved looking at club house chair replacements.

TJ Lamont is interested in filling Mike Cox's board seat when Mike vacates it.

**Opening, Call to Order: Larry Memmer, President • Time: 17:58**

**Attendees:** Larry Memmer, President • Kay Gheen, Secretary • Wes Kenworthy, Membership Secy. • Steve Wells, member • Alex Jackson, Board • Randy Pike, Vice President • Doug Smith, Board • Kirby Stevens, Board • Kelly Gustafson, RSO • Al Lindell, Firearms Instructor • Ron Martin, Board

**RSO Report:** Will need a couple of RSOs on 19 August to support Steve Wells church group. We will also need to hold a class to help the youth shooters, as discussed in this meeting. Larry would like Kelly to stress the stop the bleed class to the RSOs. We are now certified by the DoD to teach stop the bleed. Our certification will be good for two years. To date, Sigi Johnson has taught over 100 people.

## General Business Reports

**Treasurer:** No report tonight due to illness

**Membership:** The following table shows the number of members in each specified category:

Total CWSA Membership, by Membership Type		
Classification	Members	Revenue Realized
General Members	442	53820.00
Senior 65 + 5	172	12,780.00
Non-Paying (Life & Exec)	14	0.00
Associate, non-voting	126	0.02
New Regular Members	73	7,086.00
Total	827	\$73,686.02

## Old Business

**Facilities Superintendent report on schedule and progress on extending the cover for the shout range:** Ed is waiting on Ralph to fund the project.

**Facilities Superintendent report on estimates for concrete blocks to stabilize the berm for ranges 6 and 7:** Ed received an estimate from Berg Vaults of about \$5,000.00, but only for one row high. To extend to two rows high will require 77 blocks. Ed is getting a bid for the 3'X2'X2' blocks which are less expensive but would require twice as many blocks. The small blocks still weigh 2,500 pounds each. Berg will sit them in a pile, and we will have to place them. Ed is checking into using railroad ties with dead men. Discussed renting a track hoe for a one-day use for block placement.

Ron Martin made a motion which was seconded by Alex Jackson to buy the big blocks (6'X2'X2'), which will cost \$9,968.80, and rent an excavator to place the blocks. Estimated cost for the excavator will be \$1,800.00 for two days. We will take it to the general membership for a sustaining vote. Passed by members.

**Status and discussion of 29 tree purchase and planting schedule:** Waiting on Ralph to cut a check.

Status of steel plate replacement project: Al thinks the plates are pretty good, as is. They are bowed a bit, but all we need to do is turn them around and shoot the other side. This project was placed on hold. The plates Mike Cox was talking about getting were for the three-gun match. When we do spend money on new plates we do need to buy AR550 steel.

**Candidates for replacement of Mike Cox on the board:** Currently, we have two candidates: TJ Lamont and Ralph Downs that have thrown their hats in the ring for this board position. We will hold an election at the next general meeting. Larry mentioned that we also talked about having two vice presidents VP 1 and VP 2 in the future to aid in leadership training.

## New Business

Alex Jackson suggested we could convert the old rendezvous area into a member primitive camping area. Could be a good DE truant against homeless people coming onto the range.

Al Lindell asks how we control the range, with the new security system, if we leave the gate open for matches. In the old system people had to sign in, but now with the electronic system we can't keep track of who is coming and going. Kirby asks how many people that come to matches are nonmembers. Al reports that there are only a few. It was suggested that we post a policy that anyone coming through the gate, even if the gate is already open, swipe their membership fob to record their entrance and exit of the range. President Memmer will post a policy in the upcoming newsletter.

**Steve Wells made a request for his church's (the Family Bible Church) men's group to use the range on 19 August for a BBQ and some shooting.**

They would like to use ranges 9 and 10 with some pistol shooting on range 9 and rifle shooting on range 10. They are expecting less than thirty participants. Their plan is to come to the club house at around 10:00 and explain the range rules and inform shooters that if there are any rules infractions that guilty parties will be escorted off the property. They plan to shoot pistol in the morning, have a BBQ around noon, and finish up the day with some rifle shooting. They should be all wrapped up by 15:00 in the afternoon.

They are planning on cooking the BBQ behind the ranges but would like to use the club house to plug in some crock pots to keep some dishes warm. Conditions for use:

- They will need to clean up their own brass and targets and take out their trash from the BBQ.
- Steve will need to coordinate with Kelly for additional RSO support. Steve is an RSO and is planning to act in that role during the shooting.
- Steve will need to contact Susan and reserve 19 August on the calendar.
- In addition, he will need to contact Bill Balfour to get a notice in the E-mail blast.

Finally, Kirby made a motion to accept Steve's proposal for range use on 19 August by the Family Bible Church men's group. The motion was seconded by Doug Smith and passed by the board.

**Victor Zarate (a former club member) also presented the board with a request for range use.** Victor is the President of the Sabertooth Shooting Squad Junior Marksman Shooting Club. Victor is requesting the board to allow youth shooters to come to the range to practice their skills at shooting small-bore target rifles. Dave Goodman (also a former member) is the group's coach, and he would be participating with the youth shooters. Victor anticipates that they would have two to three shooters coming to the range once or twice a week as they prepare for their regional and national matches. The youth and adults are willing to come to the range and participate in club sponsored service projects. Our suggestions are that Victor and Dave Goodman renew their membership and bring the youth to the range. Additional suggestions and requirements:

- Both Steve and Dave Goodman work with Kelly and become qualified RSOs. Kelly will work with them and schedule an RSO training class.
- All youth shooters will need to have a CWSA release form signed by their parents prior to using the range.
- A letter from Victor to the board is included in the Appendix A.

Action Items:
